

Floating holders

highest quality for perfect finish and accuracy

Compensating centre force

→ Longer tool life

Correction of the lack of spindle positioning accuracy

→ Reduction of production costs

Torque transmission absolutely free of play.

→ Maintenance free – No wear parts

100% sealed for internal coolant

→ Prevents penetration of chips into the working elements of the chuck

BILZ FLOATING HOLDERS

HIGHEST QUALITY FOR PERFECT FINISH AND ACCURACY

PN/MS

Bilz modular shank MS similar DIN 1835 for combination with the BILZ WA tool holders
Bilz WA with internal coolant

Designation	Ident No.	Axle swing	Clamping - Ø d1	d	l
